

Outback

Easy Vintage

Characteristics

Please be aware of the specific characteristics of Outback leather.

Description: Outback is part of our Easy Vintage collection. Developed with a vintage effect but also with extra advantages. Due to the transparent finish the vintage look remains intact but is also practical; scratches, dirt and liquids will not easily damage the leather. This special elaboration and the natural features make the Outback what it is. Wrinkles, scars, insect bites, veins and other natural features emphasize the character of this durable cow leather.

Maintenance: Advice on maintenance for our articles is given by LCK-Nederland.
